

# Area 3 F-550

2009 Ford

## LOCATION:

Area 3 Training Center  
Calhoun, KY

## SPECIFICATIONS:

Length	22 ½'
Width	8 ½'
Height	80"
Weight	9,700 lbs

## OBJECTIVES:

The truck is used to pull trailers to training sites.

## CAPABILITIES:

This 2009 Ford F-550 is a heavy duty vehicle with a crew cab (4 doors) and an Aluminum Flat bed. There is a goose-neck ball mounted in the center of the bed and we have the 5<sup>th</sup> wheel hitch attachment as well. The aluminum bed has two underneath mounted tool boxes to carry additional supplies needed. The truck is equipped with a Reese style hitch that has both a 2" ball and a 2 5/16" ball for towing the tag-along trailers. The truck has dual wheels to allow for heavy payloads. The truck is also equipped with a 'Transfer-flow' fuel system. It has installed on it a 50 gallon accessory fuel tank to allow for a total of 90 gallons of diesel fuel on the truck. The engine is a 6.4 L diesel engine and has an automatic transmission. The truck is equipped with a camera system to assist when hooking up to either a gooseneck trailer or a tag-along trailer. Additionally the camera system has accessory ports to view the area behind the trailer (if the trailer is equipped with a camera).
