

EXTRICATION TRAILER

LOCATION:

Area 3 Training Center
Calhoun, KY

SPECIFICATIONS:

Length	33'
Width	8 ½'
Height	11' 3"
Weight	11,300 lbs

OBJECTIVES:

The Extrication Trailer provides equipment for light to heavy rescue so when training evolutions are being performed at a fire department, the department's equipment will not get damaged. The department's equipment will stay in a ready state in the event of a run during the training.

CAPABILITIES:

The Extraction Trailer carries hydraulic extrication tools including cutters, spreaders and rams. There is an assortment of high pressure air bags as well as a set of low pressure. Other equipment on the trailer includes cribbing, hand tools (metric & standard), step chocks, and some medical equipment.

The trailer is equipped with a 5,000 watt generator and an air compressor.
