35. The Fireground Blueprint: Lessons, Learnings and Leadership from the Fireground

Lead Instructor: Christopher Naum

Lessons and Learnings from the fireground resonate with recommendations and actions that all fire officers and commanders must recognize and implement in future fireground operations in order to reduce operational risks and improve incident operations, management and tactical integration. Through a facilitated discussion, prominent NIOSH LODD Reports and case studies will be examined, key report insights discussed with integrated perspectives and learnings of past historical incidents presented that are as relevant today as they were in the past decades. Lessons from the fireground resonate with recommendations and actions that all fire departments and personnel must recognize and implement in future fireground operations in order to reduce operational risks and improve incident mitigation and structure fires. This program is for all ranks and experience levels. All case studies and reports new for 2027

About the Instructor:

Christopher Naum is a 50-year fire service veteran and a highly regarded national and international instructor, author, lecturer and fire officer, a distinguished authority on building construction sciences affecting fireground operations, command and tactics, he has traveled extensively throughout the USA and globally delivering training programs on building construction & architecture sciences and firefighting, fireground leadership, command management and operational safety for over thirty-seven years. He is a sought-after national keynote speaker, instructor and presenter and has served as an FDIC General Session Keynote speaker and National Fire Academy Adjunct Instructor.
