41. NFA – Leadership in Supervision: Creating Environments for Professional Growth (F0646)

Instructor: TBD

This 2-day course presents the supervisor with the basic leadership skills and tools needed to perform effectively in the fire and emergency medical services (EMS) environment. The course includes concepts related to a successful transition to a supervisory and leadership roles, including concepts of adaptive leadership; change management; active followership; effective communication, including difficult conversations and advocacy-inquiry-based dialogue; ethics; authority; power; decision-making; and active engagement through development of a personal plan.
The primary target audience for this course are those individuals who are at the first-line level of supervision.
The secondary target audiences are fire and EMS personnel at the first-line management level (Chief Officer or above).

Students should have completed ICS 100 and ICS 200 prior to this class.
Students should have their FEMA Student ID Number (SID) PRIOR to arrival to the school.
